6th Marine Corps District Information Systems Management Branch

NMCI

- Government Outsourcing Information Technology
- Planning for NMCI to come

NMCI & the Computer Specialists

- Computer Specialists have done a lot of work gathering data (PC #’s, exact locations & users)
- Inputting that data into the NMCI Database called NET
- Upkeep of this database is essentially for as smooth as possible transition to NMCI.

NMCI & You

- The Computer Specialists need “assistance” with the personnel/PC moves – both inbound & outbound.
- I need you to facilitate the Comp Specs with keeping up the database

Relationship

- The Computer Specialists work for you but we give guidance, direction, & taskers daily.
- I can help you with input on their evals, award recommendations and skill/knowledge related issues.
